Gold medal from IBF 2000

KOMA company was awarded the **Gold medal** in the category „Building components and structures“ for a spatial module at the international building trade-fair IBF 2000 in Brno.

The system was assessed by an independent panel of judges with emphasis laid on the following benefits:

- q Economic
- q Environmental
- q Practical
- q Originality of design

More than two thousand exhibitors exhibited in Brno in 2000. The more the management of the company appreciates this award.
